Your account works as easy as one, two, three

- 1 Indicate how much you want to pay each month - £5, £10 or £15. This will be your fixed minimum payment and must be made by Direct Debit from your bank or building society account each month. You can pay more than the minimum amount each month or pay off your balance in full by making an additional payment using the payment slip on your monthly statement. Remember if a payment is received from you more than 4 days before the due date shown on your statement and is equal to or greater than your fixed minimum payment, your direct debit will not be taken that month. Payments can be taken into any Burton Group Store or sent direct to our Customer Services Department in Leeds.
- 2 Your credit limit is 24 times your fixed monthly payment:
£5 a month = £120 credit limit
£10 a month = £240 credit limit
£15 a month = £360 credit limit
- 3 Interest is charged on the account at a rate of 1.97% per month APR 26.3 (variable). If your Account is paid off in full each month by the due date on your statement, no interest will be charged that month.
